Motivation***

The MPVI™ - discover what motivates you, your team & employees and use this to increase productivity in your business today.

Corporate Values Alignment - how to change values so they support your business growth.

Meta Programs - discover how these inner filters make people have different skills & abilities. Learn how to select the people you consider most suitable for certain jobs in a win/win situation (extremely valuable for business)

5 Principles for Success - ensuring your organisation is outcome oriented

Negotiation model - a fail-safe technique that always produces results

What is NLP?

Neuro Linguistic Programming (NLP) is one of the most advanced technologies today for creating human change both in individuals & groups in Business, Education, Coaching and Therapy.

Today, Neuro-Linguistic Programming training is widely used in business to improve management, sales, achievement/performance & inter-personal skills. Whether you're already succeeding in your profession, having some difficulties, or if you're transitioning into a new position, Neuro Linguistic-Programming and Time Line Therapy® techniques can help you achieve, maintain and enhance excellence. Managers & Entrepreneurs use the information to develop strong teamwork & relationships, & to foster positive interpersonal skills. Negotiations & problem solving sessions are enhanced to create solution-oriented, win-win approaches.
